Girl Scout Troop 3673 Build Garden for Food Pantry

When presented with the challenge to build something beneficial for their community, Girl Scout Troop 3673 accepted the task with great enthusiasm and confidence. Talking amongst each other, the girls decided to construct a garden in the backyard of the Haymarket Food

Pantry. They presented their idea to the Food Pantry and were granted approval. Not only did this project strengthen the girl's ability to work as a team, but will also shine a light in our community by providing the Pantry with fresh vegetables that will be graciously distributed.

Volunteer Corner:

Spotlight on Juliette Brunetto, Tuesday Night Captain

Juliette has delighted customers and volunteers alike since her arrival at the Haymarket Regional Food Pantry over four years ago. She has tirelessly assisted the clients going above and beyond the call of duty as a Captain, showing up for each shift with a smile and getting her volunteers excited about being a part of the Pantry. Juliette has actually delivered

food to those in need who had no means of getting to the Pantry on many occasions. Not one to shirk from responsibilities, Juliette has gone to thrift stores, Target and her closet when food pantry customers were having new babies, needed specific items or simply asked for particular things.

Thank You Mayor Pam Stutz

A Letter to the Editor of Gainesville Times

We the volunteers of the Haymarket Regional Food Pantry would like to express our gratitude to Pam Stutz, the former Mayor of the Town of Haymarket. She has moved us from a closet at St. Paul's Church to the Haymarket Town Hall to our present location at the Sears House adjacent to the Haymarket Police Department. Pam's largesse has impacted over ... [read more](#).
